## MURPHY'S MELANGE.

**"Heard and Seen in Haiti" by the Editor of the Baltimore Afro-American—Interesting.**

Haiti is about the size of Maryland and occupies but one-third of the island, the other two-thirds belong to Santo Domingo.

Two bath rooms serve the entire Excelsior Hotel which is the headquarters for the Moton Commission and which also housed the Forbes Commission. In keeping with the European custom a bath is something to be tolerated not enjoyed. Nearly everybody has outside privies.

Every male in Haiti wears a coat. Americans in shirt sleeves are tolerated as slightly "cracked". Small boys wear jackets and keep them on in the school. The workman mows the Palace lawn "en coat," the farmer hacking down weeds with a machete has a coat on over his overalls. Even the beggar at the entrance to the Cathedral is shy on shoes but long on coat.

Except the Haitian White House, which they call the Royal Palace, there are scarcely a dozen buildings in downtown Port au Prince with windows or window panes of glass. The Excelsior Hotel has doors only, usually four to six feet wide and ten feet high. These slatted doors in reality are shutters, the slats of which may be opened and closed. Haitians term them la jalousie. Ceilings are high, usually 16 to 18 feet.

The typical peasant woman is barefooted and barelegged. But two garments cover the rest of her body as she walks through the streets carrying everything from a five-gallon can of water to laundry, fruit and live poultry in a wicker basket balanced on her head. Coming a long distance from the outlying farm, she sits sidewise on a donkey slightly smaller than a Shetland pony. In addition to its human burden, the beast also carries considerable plunder from farm or shop.

Ex-American Marine Serg't. Perry (white), former palace guard who married the daughter of former Haitian President Luis Borno, is employed by the U. S. School Administration, here but had to resign from the U. S. navy before he married. He now moves in the best Haitian society. American whites are drawing a color-line socially. Haitians retaliate by barring them from their best clubs as they have long barred the Syrians from their homes and clubs. Syrians are treated here as Jews are in the United States.

**Hits at the 14th Amendment!**

Indianapolis, Ind.—Chief Justice Benj. F. Willoughby, recently declared that "there is nothing in the Fourteenth Amendment to the U. S. Constitution guaranteeing equal rights." Judge Willoughby spoke during the hearing of oral argument in the case of Alberta Cheeks against Wm. A. Wirt (white), supt. of Gary public schools. It was contended by her counsel that she was barred from Emerson High school at Gary because she was a "Negro."

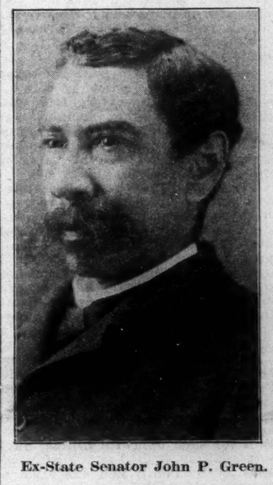
**Lynched for Demanding Wages.**

Austin, Tex.—For seeking to collect his wages, Jack Robertson was lynched, last week, between here and Round Rock by a posse of 150 planters who took up the hunt ten minutes after Robertson had shot **in self-defense** his employer, R. L. Eggar of Round Rock, and wife.

### THE OPENING GRAND.

**Tried Stone Out-Door Relief Society's Farm and Home, a Fine Piece of Property Located Near Cleveland.**

The formal opening of the Farm and Home of Tried Stone Out-Door Relief Society, last week Friday, proved an exceptionally enjoyable and successful affair. There was a large attendance and everybody was greatly pleased with the fine farm the organization has acquired for its purpose. The exercises were opened with prayer promptly at 2 p. m. Miss Eugenia Brewer presided and was exceptionally pleasing in her introductions. The speakers were: the Hon. Harry C. Smith, editor of **The Gazette**; the Hon. Perry B. Jackson, our only member of the Ohio Legislature; the Hon. John P. Green, former Ohio State Senator,



**Ex-State Senator John P. Green.**

and the pastor of the church, Rev. J. R. Yewell, in the order named. All were most enthusiastically received and applauded during the course of and at the close of their addresses. Tried Stone S. S. orchestra furnished splendid music and refreshments were served thruout the afternoon. Mr. Carl Hunter, manager; Miss Brewer, master-of-ceremonies and the pastor are entitled to a great deal of credit for the wonderful success of the affair. There is an up-to-date two-family residence and a large single on the property and both are modern in their equipment. The farm lies near the lake and less than a half mile north of Lorain Road at Stop 19 on the Lorain or Elyria car-line. Elsie Hammond is president of Tried Stone Out-Door Relief Society, Inc.; Hattie Moore, sec., and Lois Branch, fin. sec.

**FINAL MORGAN DECISION!**

**Modest Director Burton Says It Was O. K. and Gives Credit to the City's Law Department.**

City of Cleveland Department of Law
July 5, 1930.

Hon. Harry C. Smith,
Editor, **Gazette**, Cleveland.

Dear Sir:—This will acknowledge, with thanks, receipt of a marked copy of **The Gazette** for July 5th, calling attention to your article as to the Garrett A. Morgan case. In view of the disagreement between the Court of Common Pleas and the Court of Appeals in this case, I have personally examined the entire record and am thoroughly satisfied that the Supreme Court would abide by the decision of the Court of Appeals on the weight of the evidence. Accordingly, it seems clear that although the difference of opinion between the two lower courts indicates the need which existed for a ruling by the court, yet it would be an imposition to permit of any further delay. You, therefore, may be interested to know that the City, before the end of June, paid to Mr. Morgan the $2,000.00 voted by the City Council, together with interest upon that sum at the rate of six per cent. per annum from the effective date of the councilmanic action, November 3, 1929.

Your reference to the efficiency of this Department is appreciated. Any such efficiency is due to the personal efforts of the entire membership of the Department, many of whom have been in the employ of this Department for a long time and therefore are able to give the City the benefit of experience which is of great value to all concerned.

Yours sincerely,
HAROLD H. BURTON,
Director of Law.

Cincinnati, O.—Wm. Lewis, age 28, a mail carrier, was near death here, last week Friday, after having been shot by Detective Ray Eisenhoefer, who said he failed to surrender and fired first after a reported shooting affair at the home of another Afro-American. **"Bunk"!**

"Since 1920, due to the heavy cityward and northward migration of the earlier years of the decade, the number of Negro farm owners in the South has decreased by 24,000, and the number of tenants and croppers by 235,000.—Prof. B. F. Hubert of our State College, Savannah, Ga.

In the first six months of 1930 there were nine lynchings, one white. This is five more than the number for the first six months of 1929; four more than for the first six months of 1928, and is the same as for the first six months of 1925, 1926 and 1927.

A member of the 10th U. S. Cavalry, writing the N. A. A. C. P., N. Y. Another edition of "The Poems of Phillis Wheatley", the first Afro-American poetess, has just been published. The last was issued in 1909 by Dr. and Mrs. R. R. Wright, Jr., of the Christian Recorder. Among the interesting things revealed by the recent U. S. census is the increase in the number of interracial marriages, they being far more prevalent in this census than in any other previous enumeration; and the breaking down of religious barriers which heretofore have stood in the way of many weddings between members of varying faiths. This is particularly true in the case of Jewish men and women who are marrying gentiles.

By following Route 20, it is a **pleasant** drive to **The Wakeman Country club**, near Wakeman, Ohio, and only 48 miles from Cleveland's public square. On the large spacious club lawn, shaded by tall pine trees that scent the air with the perfume of their cones, one looks down a valley at the winding Vermillion river in all its beauty. To the right one sees hillsides studded with yellow, blue, red—all the colors of the rainbow—flowers and trees that make the scene one of beauty. To the left, tall trees that are a part of the large orchard, and several cottages that mark the level and beautiful allotment grounds. To the right are the giant willow trees, probably the largest in this section of the country, with gentle rolling slopes showing back of them and forming a picture that **thrills**. Therefore, it does not surprise when one sees a groundhog, rabbit or some other wild animal in search of food. Go to the **Wakeman Country Club** and see, for yourself, the most beautiful spot in Ohio and you will want to spend your weekends and vacations there eating honest-to-goodness country meals that are served in the convenient and comfortable hotel on the grounds.

### THE "PO' WHITE"

**And the "Low-bred Negro", Segregation and "Jim Crowism" —The Truth.**

Just as the poor whites have attained the ascendancy in the South, so have many low-bred Negroes attained some supremacy in the North. They have the vanity that possession brings, but not the pride that springs from heredity and early training. In consequence, segregation and "jim crowism" does not cut into their souls. The ambition that welcomes competition and asserts manhood is foreign to them, and so they really cannot understand why any Negro should object to being segregated. While there are exceptions, tracing back will show the accuracy of our deductions—the slave psychology that still animates Negroes in high places who generally find favor with whites, whose breeding and education have not been sufficient to eliminate the prejudices so concomitant with a narrow mentality.—W. P. Dabney, Editor, Cincinnati Union.

SATURDAY, JULY 12, 1930.

Is Atty. D. E. Henderson, of Kansas City, Kan., to be an assistant or special Assistant U. S. Attorney General? He takes office July 15.

Congressman Oscar DePriest ought to have the navy department court-martial that U. S. sailor (white), whom the sheriff wrapped on the jaw, last Sunday week, because he was leading a mob to lynch an Afro-American, Rainey Williams, confined in Jefferson county jail at Beaumont, Tex. on a charge of assault.

With our foreign trade for the first five months of this year running eight hundred million dollars behind that of the first five months of last year, and a new tariff law that not only materially increases the cost of living but greatly increases the ill-feeling toward this country held by nearly every other country on the face of the globe, the outlook for an early improvement in the distressing hard-times affecting nearly every section of the country is not very encouraging.

### DE PRIEST AND THE KLUXERS

The Mosaic Templars' convention, which Congressman Oscar DePriest was asked to address on July 17 has been transferred from Birmingham, Ala., to Little Rock, Ark. So the parade of more than 2,500 klansmen thru the "Negro" section of Birmingham was not in vain, after all. They also burned in effigy an image of the Illinois congressman and threatened him if he came to that city to deliver the address as scheduled. Alabama is DePriest's native state, about the only thing in all his life he is really sorry for, the congressman occasionally remarks. The transfer, from Birmingham to Little Rock, is possibly the best solution of the problem after all, altho we are not enthusing in any marked degree as a result of the latest selection of the meeting-place.

### THE TRUTH AT LAST.

Dana G. Monro (white), is the new U. S. minister to Haiti. He is to replace American High Commissioner (Gen.) John H. Russell, whose direction of the "American Occupation in Haiti" has resulted in so much harm to the natives and the country. It is to be hoped that the U. S. naval (marine) control of Haiti will soon come to an end as recommended by the recent U. S. Haitian Commission. It was this American Occupation that, several years ago, was responsible for the American daily newspapers' ridiculous publications to the effect that Haitians were opposed to the appointment of an Afro-American as U. S. minister to Haiti. On learning of the recent appointment of Minister Monro a leading Haitian newspaper declared "that American politics and not Haitian prejudice prevents the naming of a black man" as U. S. minister to Haiti.

### ANOTHER ONE GONE!

Possibly the bitterest enemy of the race in the last quarter of a century was former U. S. Senator James K. Vardaman of Mississippi who died, recently. U. S. Senator Tom Heflin of Alabama, a kluxer and Vardaman's successor as a "Negro-hater," is about to be killed politically because of his failure to support the last Democratic candidate for president, Gov. Alfred E. Smith of New York. Heflin says he opposed President Hoover's nomination of Judge Parker of North Carolina for a place on the U. S. Supreme Court bench "for two reason: First, because Parker rendered a decision not only unfriendly but unfair and dangerously antagonistic to organized labor. Second, because he rendered a decision in the Richmond, Va., segregation case in favor of Negroes." Of course, we do not wish for Heflin's death, but feel sure his removal from the U. S. Senate would prove a positive benefit not only to our people but the entire country. Alleged statesmen of his and Vardaman's kidney are a positive hindrance and harm to any legislative body in the country.

### A SOLUTION.

Two Alabama "crackers" were killed and one was dangerously wounded, and two of our men, uncle and nephew, were killed as the result of an unwarranted mob-uprising at Emelle, Ala., the first of the week. In the foregoing is a solution to an exceptional degree of mob-violence in the South or in any other part of the country. When mobocrats generally know that one or more of their number is sure to be killed, there will be fewer of such demonstrations. We congratulate the Robertsons of Emelle on the good work they did and on the escape of the father and three brothers of the younger of the two Robertsons killed by the mob.

### CHILDERS-STERRETT.

Rev. J. Albert Sterrett, the new pastor of St. John's A. M. E. church, who came to the city, recently, from historic old Charles St. A. M. E. church, Boston, has been succeeded there by Rev. Oliver W. Childers, until recently pastor of the largest A. M. E. church in Pittsburgh. Dr. Childers years ago pastored very successfully indeed St. James' A. M. E. church of this city, and has many friends here who wish him every success in his newest charge.

The Boston church greatly regretted Dr. Sterrett's transfer to St. John's and made strenuous but ineffectual efforts to have Bishop Joshua H. Jones return him immediately to that city. Dr. Sterrett delivered the commencement address at Wilberforce University, this year, at which time he was given the degree, LL. D. Editor W. Monroe Trotter of The Boston Guardian speaks very highly indeed of him as "a distinguished citizen and orator, a flaming pulpiteer, a Christian gentleman and courteous friend of everybody"; also saying Dr. Sterrett "stood shoulder to shoulder" with him "in the fight for freedom" while in Boston. Welcome to Cleveland, Dr. Sterrett! We need you and sure have missed Dr. Childers.

### NOW IT'S GORDON PARK!

Mrs. M. Pickell, sister of Dr. Leon Evans, and her two daughters were at Gordon (public) Park, July 1. The older, Lois, is 14, while the younger is about nine years of age. They went in bathing. Several youngsters (white), ranging from 18 to 20 years, grabbed Lois around the ankles and threw her down in the water. Each time she got up they would repeat the "ducking." This at least three or four times, and the younger sister was treated likewise. The mother, who was standing on the bank, called to the young ruffians to let her children alone. They replied: "We don't want any N——s in this water. Go to the other end of the beach where you belong." The scoundrels treated the girls so badly that the mother was compelled to go to a policeman near who referred her to the life guards. Mrs. Pickell and her daughters refused to leave that part of the beach, however, very properly saying: "This is a public place, a free country, and my children are going in here if anyone does." So she made them go back into the water. When they went back, the second time, the ruffians held Lois under the water so long it frightened the mother who thereupon waded into the water and began to beat the scoundrel over the head with her umbrella. She was in the water up to her breast but made him leave her daughter. A few days later, Mrs. Pickell made complaint to our Assistant Police Prosecutor Roger N. Dillard, giving the scoundrel's name—**Barney Gailwicz**, age 18. Attorney Dillard summoned him to the police prosecutor's office and asked him why he did such a thing and if he didn't know that it was against the law. To which he replied; "Well, I didn't know. I thot that one park was for colored and one for white." Dillard immediately issued a warrant and had the ruffian arrested there and then for assault and battery. He was arraigned in municipal court, July 8, before Judge Green. Mr. Dillard asked the judge, on part of the state, to continue the case until July 15, to give him a chance to summon the life-guard, the policeman and several other witnesses who saw the attack. Dillard told the court that such contemptible action, on the part of the fellow and others, would soon cause a riot, and he is right for **that very thing** caused the terrible Chicago riot of some years ago. When the policeman referred the mother to the life-guards for protection in the face of the fact that he witnessed the entire affair, was he "doing his duty", Safety Director Edwin D. Barry? We do not believe that YOU will stand for such as that. This park and bathing-pool matter must be settled, this summer, and settled right regardless of the fact that "The Blossom Triplets", Councilmen George, Payne and Bundy, show so little interest in it and other equally important matters. Asst. Police Prosecutor Roger N. Dillard is showing our people of this community the wisdom of having a representative of the race in that department of the city service. They appreciate what he is doing and will not forget it. Keep up the good work, Roger!

# OHIO'S MOB VIOLENCE ACT

## OR ANTI-LYNCHING LAW LEADS THE COUNTRY IN EFFECTIVE LEGISLATION

### Against the Mob and Lynch-Murder—Three Years' Work of a Member of the Race—Also His Ohio Civil Rights Law.

Our mob-violence or anti-lynching bill was introduced in the Ohio legislature in 1894 and re-introduced in 1896. It took the Hon. Harry C. Smith, editor of **The Gazette**, just three years to secure its enactment into law. The Ohio Supreme Court has several times upheld the constitutionality of the law and it has been very effective. Illinois, Pennsylvania and New Jersey have followed Ohio's lead and enacted mob violence or anti-lynching laws which are copies of our Ohio law. Several other northern states and at least one border state (Kentucky) have also enacted anti-lynching laws, in recent years, like Pennsylvania and New Jersey. The Ohio law follows:

**MOBS.**

Section
6278. "Mob" and "lynching" defined.
6279. "Serious injury" defined.
6280. Damages in case of assault.
6281. Damages in case of lynching.
6282. Damages recoverable by legal representative of victim of lynching
6283. Person suffering death or injury by mob trying to lynch another.
6284. Limitations of action.
6285. Order to include recovery and costs in tax levy.
6286. Guardian's custody, etc., fees.
6287. County's right of action against member of mob.
6288. County's right of action against another county.
6289. Non-relief from prosecution.

Section 6278. A collection of people assembled for an unlawful purpose and intending to do damage or injury to any one, or pretending to exercise correctional power over other persons by violence and without authority of law, shall be deemed a "mob" for the purpose of this chapter. An act of violence by a mob upon the body of any person shall constitute a "lynching" within the meaning of this chapter. (93 v. 161 2.)

Section 6279. The term "serious injury," for the purpose of this chapter, shall include such inquiry as permanently or temporarily disables the person receiving it from earning a livelihood by manual labor. (93 v. 161 3.)

Section 6280. A person taken from officers of justice by a mob, and assaulted with whips, clubs, missiles or in any other manner, may recover, as hereafter provided, a sum not to exceed one thousand dollars as damages from the county in which the assault is made. (93 v. 161 4.)

Section 6281. A person assaulted and lynched by a mob may recover, from the county in which such assault is made a sum not to exceed five hundred dollars; or, if the injury received therefrom is serious, a sum not exceeding one thousand dollars; or, if such injury result in permanent disability, to earn a livelihood by manual labor, a sum not to exceed five thousand dollars. (93 v. 12 5.)

Section 6282. The legal representative of a person dying from injuries received from lynching by a mob, may recover of the county in which such injury occurred, a sum not to exceed five thousand dollars damages for such unlawful killing. Such sum shall be applied to the maintenance of the family and education of the minor children of such person so lynched, if any survive him, until such children are of legal age, and then be distributed to the survivors, share and share alike, the widow receiving an amount equal to a child's share. If there be no widow or minor children surviving such decedent, such sum shall be distributed among the next of kin according to the laws of the distribution of the personality of an intestate. Such sum so recovered shall not be a part of the estate of such person so lynched, nor be subject to any of his liabilities. (93 v. 162 6.)

Section 6283. A person suffering death or injury from a mob attempting to lynch another person shall come within the provisions of this chapter. He or his legal representatives shall have a like right of action as one purposely injured or killed by such a mob. (93 v. 162 6.)

Section 6284. Action for the recoveries provided for in this chapter must be commenced, within two years from the date of such lynching, in any court having original jurisdiction of an action for damages for malicious assault. (93 v. 162 7.)

Section 6285. An order to the commissioners of a county, against which such recovery is had, to include it with the costs of action, in the next succeeding tax levy for such county, shall be a part of the judgment in every such case. (93 v. 162 8.)

Section 6286. If the decedent so lynched has minor children surviving him, the fund shall be turned over to a regularly appointed guardian. Such guardian shall administer such fund under the direction of the probate judge, allowing not more than five hundred dollars for counsel fees in the action for such recovery. (93 v. 162 9.)

Section 6287. The county, in which a lynching occurs, may recover the amount of a judgment and costs against it in favor of the legal representatives of a person killed or seriously injured by a mob from any of the persons composing such mob. A person present, with hostile intent, at such lynching shall be deemed a member of the mob and be liable to such action. (93 v. 162 10.)

Section 6288. If a mob carries a prisoner into another county, or comes from another county to commit violence on a prisoner brought from such county for safekeeping, the county in which the lynching is committed may recover the amount of the judgment and costs from the county from which the mob came, unless there was contributory negligence on the part of officials of such county in failing to protect such prisoner or dispurse such mob. (93 v. 163 11.)

Section 6289. This chapter shall not relieve a person concerned in such lynching from prosecution for homicide or assault for engaging therein. (93 v. 163 12.)

### OUR OHIO CIVIL RIGHTS LAW

Upon the request of many readers of The Gazette we print below the text of the Hon. Harry C. Smith's Ohio Civil Rights law which the editor had enacted while a member of the 71st General Assembly, in 1894:

**The General Code of Ohio:**

Sec. 12940. Whoever, being the proprietor or his employee, keeper or manager of an inn, restaurant, eating house, barber-shop, public conveyance by land or water, theater or other place of public accommodation and amusement, denies to a citizen, except for reasons applicable alike to all citizens and regardless of race or color, the full enjoyment of the accommodations, advantages, facilities or privileges thereof, shall be fined not less than fifty dollars nor more than five hundred dollars, or imprisoned not less than thirty days nor more than ninety days, or both.

Sec. 12941. Whoever violates the next preceding section shall also pay not less than fifty dollars nor more than five hundreds dollars to the person aggrieved thereby to be recovered in any court of competent jurisdiction in the county where such offense was committed.

This law has repeatedly been held constitutional and good law by the Ohio Supreme court. The trouble is our people will not use it as often as they should, but expect it to do for them what they should and must do for themselves, under it, in the courts.

### HERE'S AN OPPORTUNITY!

"The Old Reliable" Gazette desires an active agent and correspondent in every city and town in Ohio and neighboring states having a number of Afro-American residents. Only a little time on Fridays or Saturdays is required to make some money.

We are especially desirous of hearing from persons in the following named cities: Springfield, Columbus, Toledo, Steubenville, Zanesville, Wilmington, Xenia, Washington C. H., Lancaster, Piqua, Lima, O., and other places, particularly in Ohio, where we have none.

Write to the editor of **The Gazette**, 226 West Superior Ave., Cleveland, O., and terms will be sent promptly. Our readers will oblige us greatly by sending the addresses of persons in the cities named, and others in the state to whom we can write relative to the matter.

### BLAMES SEPARATE SCHOOLS

**For Major Problems of the Race—Congressman DePriest's Secretary Says Dual System is the "Root of All Evil" in Communities.**

Pomoney, Md.—Branding the separate school systems as "the root of all evil", and which retards race progress in most southern cities and some in the North, Morris Lewis, secretary to Hon. Oscar DePriest, urged their abolition in an address at Town Hall here, recently. Speaking on the subject, "Our American Citizenship and the Right of the Afro-American to All Our Institutions Offer," Mr. Lewis declared that the separate school system is an institution which does not operate for the best interest of any group.

**Must Explain to Children.**

Continuing, he said: "There is always the necessity of explaining to the American youth why, at certain ages, they must sever the generally friendly relations which have existed in child life. It is at this period that the seed is sown which reacts later on as racial prejudice. When children of both races are very young, they play naturally together, but as soon as they reach school age, they are separated by their parents. The white child goes to one school and the Afro-American child to another. When they must part, the reaction on both is similar and they both start out in life, one with a superior complex and one with a biting hatred.

**American Citizen.**

"What we really need today is to create **real** American citizenship. The U. S. Constitution and the Declaration of Independence mean now just what they meant when they were drawn up. Under these documents we were all born free and equal."

### "THE FESS" AND "THE 'FESSOR"

**As "Diagnosed" by a Writer in an Eastern Contemporary—Interesting and Amusing.**

Ohio U. S. Senator Simeon D. Fess is sure a mud-head. Forced a controversy on 'Fessor (N. A. A. C. P.) Wm. Pickens because the organization gives **FESS** the vocabularic "run-aroun' " for supporting Judge Parker's nomination to the U. S. Supreme Court. The **FESS** says the 'Fessor is a Communist, and preacher of "social equality," which latter categorically **IS** the equal right of all normal persons to Life, Liberty, the Pursuit of Happiness. 'Twould not be criminal for the 'Fessor to preach this but a crime of the **FESS** to deny it.

The **FESS cannot** make the 'Fessor a Communist—even though 'Fessor was allegedly very nearly knighted "Baron Bastu Basutoland" by the Emperor Marcus in 1916 and spent a few days in Moscow a couple o' years ago. All the **FESS** did was to make it easy for the 'Fessor to make **FESS** fester, and to wrap a fast mouth 'round many an Ohio pullet that otherwise 'Fessor would have seen only in his sleep. The N. A. A. C. P., can't beat **FESS**. But he has made it possible for it to get many a free feed and membership dollar, while giving him hell throughout "Buckeyeland."—Rienzi Lemus in Boston Chronicle.

YOU KNOW ME, AL — Opened By Mistake — By RING LARDNER

Friend Al,

If I could find a woman who would understand me, I would give her my salary check every week, but when I start kidding they think I mean it and now I'm in bad with Edna because she says all I think about is money and I made some crack about her mother who has been visiting us ever since Rube Marquard started to pitch for the Indianapolis club. We went down to the races the other afternoon when we had an off day and say you ought to see the swell looking dolls peeking through opera glasses at the ponies. The Mrs. made some crack about me staring at a swell dresser, and all I said was,

"If you put gold on any fish, it looks good in an aquarium."

And she says,

"Why don't you put some gold on me then, you stupid boob."

So I didn't say nothing because I didn't want to start no argument at the track which is about the only place where we ain't had one but it looks like a divorce if I could only run over to Paris to get one from the Frogs.

Yours as usual,
Jack Keefe.

## CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. This pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, use its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

### The ROUNDER

### WHAT'S DOING!

"The Blossom Triplets", Councilmen George, Payne and Bundy, **pledged the people**, last fall during the campaign, that they would see to it that the Woodland Hill bathhouse and pool were enjoyed also by **our** people, of that part of the city particularly, but **have done absolutely nothing** to date to bring this about. The same thing is true in the case of the miserable Central Ave. streetcar line. They **promised better service** on that line and **have done nothing**. Possibly this and other failures to keep pledges made to constituents, last fall, when they were begging for votes, is explained in the following clipping from a recent issue of The Cleveland Daily Plain Dealer:

"The three colored councilmen are definitely aligned against Maschke in the Eleventh Ward control fight and are openly backing Day in the primary fight against Harris. They maintain they are not antagonistic to Maschke or the Republican organization, but they insist that Maschke must keep his hands off the colored wards and that the decision as to how the votes in those wards shall be cast shall be made by the voters themselves and not in the National City Building."

The foregoing is a **rotten** reflection and **undeserved!** It is pretty generally understood that it was given to The Plain Dealer's political writer by Payne or Bundy, or both, with the help no doubt of Councilman George.

They are so very, very busy telling Mr. Maurice Maschke and the Republican organization what to do these days, and **how** to do it that they have lost sight and memory of all the **many promises and pledges** they made their constituents, last fall, when down on their haunches **begging for votes with which to be elected members of the Cleveland City Council. This same is true of their entirely too numerous promises of jobs and positions**, practically all of which they have failed to keep. "**Arousmit**" ("fire") "The Blossom Triplets"! **Scat!**

At the recent Republican Ward Leaders' Association meeting at Hotel Winton, twenty-seven of them voted for the George B. Harris (Maschke) candidacy, and sixteen of them for the Arthur H. Day candidacy, for the Republican nomination for County Prosecutor. One ward leader ducked; that is, failed to vote for either Harris or Day. Immediately afterward the forty-four ward leaders voted **unanimously** to support the Harris candidacy. This was promptly published in the daily newspapers which have uniformly **refused** ever since to recognize the **unanimous** vote and endorsement of the Harris candidacy. But George Heimberger, secretary of the Ward-Leaders' Association, covered the ground beautifully, when he said that the unanimous vote meant that the ward leaders would be united in their support of the Harris candidacy and that there would be no split in the organization. This of course puts Bundy and the 17th Ward Republican club endorsement of the Day candidacy very much "without the breastworks." This same thing is true of the so-called "Colored League of Republican clubs of Cuyahoga County" which at President Bundy's request, in a resolution, declared **against** the re-election of U. S. Senator Roscoe C. McCulloch, the local Republican organization's candidate. Councilman Bundy's other **blunders, mistakes,** etc., since the first of the year, are entirely **too numerous** to be chronicled at this time but will be referred to from time to time, later this year and next in the fall-time, when all three of "The Blossom Triplets" will be taken for a "political ride." **Selah!**

Monday evening at the Western Reserve club, the "Jackson for State Representative Campaign Committee" of two years ago was re-organized, and very properly started out immediately to put over the renomination of Hon. Perry B. Jackson, our only member of the Ohio State Assembly. Atty. Hazel Mountain-Walker was re-elected chairman, of course, and there was a long list of announced speakers which included the Hon. Maurice Maschke, Chairman A. J. Hirstius, Hon. Harry C. Smith, Hon. Harry E. Davis, Atty. Alex. Bernstein, Councilman Herman H. Finkle, Atty. Louise J. Pridgeon, Mayor Arthur R. Johnston, "Col." Sidney B. Thompson, Mrs. Mary B. Martin, former Councilman Thos. Fleming and wife, Mrs. Lethia C. C. Fleming, and others, all boosters, and the battle started off with a boom. Atty. Moses H. Dixon, our only other candidate for representative, was there in all his pristine glory. Mose is some talker, too. And there is no reason why we shouldn't have two representatives, members of the next Lower House of the state legislature since we are not to be represented in the upper house, the State Senate. J. Walter Wills' candidacy **doesn't mean a thing**, for several reasons, two of which are: He has never served a day in the lower house, the stepping-stone to the upper; and that "Blossom Triplet," Bundy, put him up to "buck the Republican organization" so he stated at a meeting of his so-called county league, some weeks ago. Mose is strong for Perry, and Perry is strong for Mose. "Dah now"!

# BILL, THE BUS DRIVER SAYS

"Better gamble with your dough than with your life, 'cause you can always earn more dough."

(By MARCUS A. DOW.)

I was ridin' on a train goin' about sixty miles an hour when the rattler come to a sudden, grindin' jarrin' stop. Some of us passengers got out to see what was all the sudden halt for. A completely busted automobile scattered a hundred feet along the right of way told a mute but awful story. Over in a field where it had been tossed by the train lay a shapeless lifeless thing which a moment before had been a livin' human bein'. Some guy pointed to a sign on the crossin' nearby, "Stop, Look, Listen." Had this guy believed in signs he would probably be alive today.

When you gamble with your life at a railroad crossin' you are puttin' your life up against a few lousy seconds of time. You gamble for time and your own life is the stake. There ain't no percentage in gamblin' with death. Shakin' dice with old bony fingers is bum sport, 'cause he gets most of the breaks.

A man bettin' on a horse stakes a few measly dollars that the horse he picks will win, and if it happens for once, he'll gain a few dollars, otherwise he loses his stake. But if you drive over a railroad crossin' and don't slow down and shift into low gear and don't take the time (or the trouble, if you call it that) and the precaution of lookin' both ways and listenin' for trains, I say if you don't do all that, you put up your life for the stake and gamble that you'll win.

If you want to bet your life, why not bet on a sure thing. Wait until you know it's a safe bet. Be like the Scotchman at the dog race. He watched five races and saw the mechanical rabbit shoot down the track and get home ahead of the dogs every time. Before the sixth race Scotty steps up to the bettin' booth and says, "I'll bet ten on the r-rabbit." He was bettin' on a sure thing.

Stop, look and listen, is a good old-fashioned rule. But its an ounce of prevention that's better'n all the gambler's luck in the world.

## Strong Inner Tube Real Economy to Any Driver

Air pressure is as important to a tire as oil is to the engine—its very life depends on it. Leakage of only a few pounds of air pressure in a balloon tire is much more serious than in an old high pressure tire, because it considerably increases the movement and flexing of the tire, produces faulty tread wear quickly and increases the possibility of bruises and premature failure of the cord carcass of the casing. While the usual tendency is to put an old tube in a used casing and in many instances even a new casing, this is poor economy, because an old tube is generally thinned out and enlarged in size, which not only greatly increases the porosity or normal air loss of the tube, necessitating frequent inflation, but is almost certain to cause tire trouble due to the stretched out tube not fitting the casing and the resultant formation of wrinkles and pinches. A tire which is driven flat is quickly ruined.

## Grave of Pet Horse Is Halting Work of Road

A horse's grave is delaying the widening of one of Texas' principal highways.

Before automobiles became common, Dr. W. W. Fowler made his calls behind Coley, a standard bred horse. Pensioned, Coley died and was buried where he used to watch automobiles pass on the highway.

Just before Doctor Fowler died he asked his heirs to see that Coley's grave be not disturbed. State highway department officials have been unsuccessful in preliminary efforts to obtain permission to move the grave and its painted fence.

## Pedestrian Given Right at All Street Crossings

It is of prime importance to all motorists to know that a pedestrian has the right of way at a crossing, despite traffic signal shifts. This ruling is upheld by the United States Court of Appeals of the District of Columbia. In effect the court holds that pedestrians have the right of way not only at uncontrolled crossings, but also when they have entered an intersection on a green light and further holds that the pedestrian has the right of way until he reaches the opposite curb, without regard to the change of lights during his passage of the crossing. "When a pedestrian steps from a curb to cross the street, having a green signal with him, he does so by way of invitation and he cannot be charged with contributory neglect if the signal switches when he is in the street. Caught in this position, the obligation rests upon the motorist, not only to observe the situation, but to wait until the crossing is clear," the decision declares.

## Motorists Urged to Use More Caution at Turns

Dr. Arnold H. Kegel, health commissioner of Chicago, declares a large percentage of pedestrian-vehicle accidents result from "thoughtless right-hand turning" on the part of drivers.

Urging motorists to exercise more caution when turning at street intersections, he said:

"A person starting across the street and walking in the same direction you are driving has his back to you as you approach the corner where you are going to turn. Even if that person sees you he does not realize you are going to turn right until you are very close. Surprise and panic and fright all combine to confuse him.

"Have your car under such positive control that you can avoid an accident regardless of what that person does. Children, especially are being injured, crippled and killed because some cars are not fully under control while making right-hand turns."

novel spectacles permit him to have an unobstructed view ahead and, at the same time, give him an idea of what is going on behind.

## AUTOMOBILE FACTS

The real cause of noisy and screechy brakes is looseness, and the screech is a high pitched vibration.

• • •

British magistrates have held careless pedestrians liable for road crashes and ordered them to pay damages.

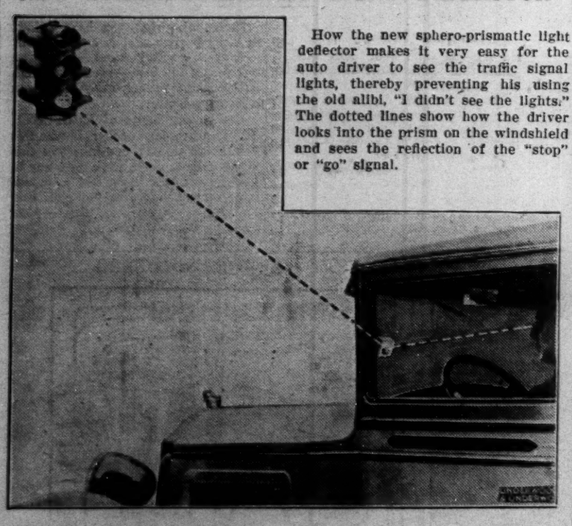
• • •

The navy parachute jumper who was injured in an automobile accident probably has his own opinion of the relative safety of air and ground transport.

• • •

Should the engine seem very rough at speeds of from 22 to 28 miles per hour when accelerating on a moderate hill the vibration damper may need attention. It may become rusty after a winter of use.

## NEW SPHERO-PRISMATIC LIGHT DEFLECTOR



How the new sphero-prismatic light deflector makes it very easy for the auto driver to see the traffic signal lights, thereby preventing his using the old alibi, "I didn't see the lights." The dotted lines show how the driver looks into the prism on the windshield and sees the reflection of the "stop" or "go" signal.

## SUMMER STEPS OUT IN GAY PRINT WITH WHITE SHOES AND WHITE HAT

AND again summer "goes stepping" with a smile in gay young frocks of colorful prints. The very swankiest prints silhouette their bright flower motifs against pure white backgrounds this season—an effect which is delightfully summery.

The charming little frock in the picture is decidedly new. In the first place the bemberg canton crepe of which it is made patterns crimson and green posies on white—a refreshing color scheme this and so distinctly a this season feature. Indeed these dainty prints are proving quite the fabric fad of the hour. Very often the print is in a single color such as a stencil effect in pale green on white, perhaps navy on white or that which is quite the thing this season—black on white.

It is plain to be seen that this demure maiden is exceedingly fashionwise, for she knows what's what in accessories, wearing a white cheapeau and white kid shoes, as she does, with this color-touched white frock of hers.

The importance of white gloves, white footwear, white headwear cannot be overrated. This trend to white is obvious also in the coat realm, the latest being to top one's colorful frock with an all-white coat of unusual weave, adding hat, gloves, shoes and pocketbook in immaculate white. Very often the kid shoes and the pocketbook are trimmed with a wee bit of color, repeating an outstanding tone in the print or pastel of the frock. As worn with the now-so-popular crepe sports dresses in monotone pastels, white footwear and headwear vie with self-colored accessories.

It is well worth while keeping in mind a vogue is now far on its way, highlighting white accessories with navy or black cloth suits—not forgetting the white gardenia on the lapel of the smart tailored jacket.

Referring again to the dress in the picture, its little cape sleeves also indicate its last-moment styling.

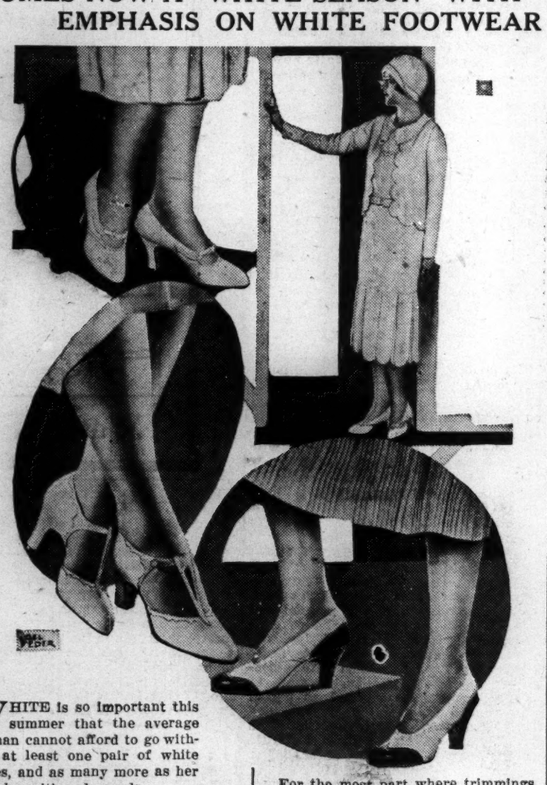
## COMES NOW A "WHITE SEASON" WITH EMPHASIS ON WHITE FOOTWEAR



WHITE is so important this summer that the average woman cannot afford to go without at least one pair of white shoes, and as many more as her social position demands.

Long white sports coats are posed over either white or pastel frocks, and with these coats white kid shoes, either all white or delicately trimmed with pastel, black or blue are smartest. The white kid shoe trimmed with brown leads for street and spectator sports wear, and will be worn with pastel frocks and suits regardless of their tint, as was the case at Palm Beach this winter. Next to the brown-trimmed shoes comes that trimmed with black, and next in order the white shoe touched with navy blue.

There will, however, be an equal number of all-white shoes worn for naturally the white frock calls for the white shoe. The sweet girl graduate will doubtless require the all-white shoes, and there will be about 250,000 of them graduating from high schools and such shortly.

Best of all most of the kid of which modern shoes are made comes in wash qualities that can be easily kept clean with soap and water.

For the most part where trimmings in color are used, there is very little of the color. Narrow bands, appliques, small motifs and pipings usually do the trick, except in the spectator sports types which often have toes and heels of brown, black or blue. Perforations are also much used as a trim.

In the representative group herewith the white kid shoes shown at the top to the left are in a one-strap buckle model, the vamp and strap of white lizard. A pair of white kid T-strap shoes (below to left) fashion the unusual strap and trim of white lizard. In the circle white kid shoes for spectator sports wear are trimmed with black kid heels and tips, also perforations. White kid pumps with a touch of pastel trim are worn with the cunning suit of pastel pink jacquard khaki kool, pictured at the top. The bolero worn with the one-piece frock is scalloped all around as is the hem line of the dress.

# TURNED DOWN FLAT

## BY REPUBLICANS, NORTH AND SOUTH, IN PATRONAGE AND LEGISLATION.

### The Federal Service Endorsing What Judge Parker Said—Tammany Hall—U. S. Senators and Governors Warned—Very Interesting.

(Special to **The Gazette**)

Jersey City, N. J.—The N. A. A. C. P. led in the fight to prevent the confirmation, as an associate justice of the U. S. Supreme Court, of Judge John J. Parker of North Carolina because he had expressed himself as opposed to the Negroes of North Carolina having anything to do with politics. The association did a good job but its work has just begun, if it would eliminate from responsible judicial and governmental positions white men who feel as did Judge Parker but are too cowardly to express it. There seems to be a nation-wide attitude expressing itself by preventing our people from holding any appointive positions of trust and honor. **The federal service has all but put into practice what Judge Parker said.** Governors of states, Republican and Democratic, have refrained from appointing colored persons to state positions. The Negro vote that was disfranchised in the South, by keeping them from the ballot-box through intimidation and slaughter, has come into the North and East but this same vote is disfranchised from holding office **even though it votes regularly.** This situation is up to our voters in states where they vote.

Tammany Hall is an exception to this rule of preventing Negroes from holding lucrative offices. It has taken the Georgia, Alabama and Mississippi vote that has migrated to New York and has in local and state matters made Democrats of them. **The Republican party is at present the white man's party of the North.** The Negro vote added to the northern Democratic vote of white men can make the North Democratic. **Will the Negro do it?** By political birth, Negroes are Republicans and it is with difficulty that he is pried loose from the party of his birth. The process of prying him loose has begun. Republican U. S. senators should watch well their step, for they can keep the Negro Republican or make him Democratic. Every Republican senator should take into serious consideration the numerical strength of his colored constituency. In the division of patronage, among his constituency, he should give the colored portion **what belongs to it.** His willingness to do this will force any President of his party to act upon his recommendation when this is a policy of the party.

Republican governors of states, like Ohio, Illinois, Indiana, New Jersey, Delaware, West Virginia, Missouri and Massachusetts, should ponder well their attitude toward our vote in dispensing patronage. Back of the unwillingness, to give the colored man important positions of trust, lies the **snobbish** racial policy that a colored man should hold no position which places a white person where he is to serve under him. This doctrine is as **damnable** as the Parker position. This position grows stronger in proportion as our vote becomes more intelligent. It is **folly** to expect manly colored people to accept this policy.

The colored voter is in a strait betwixt two. Southern Democrats control the Democratic party and they are the **arch enemies** of the colored voter. On the other hand, the Democratic Negro policy and sentiment have invaded the Republican party and has practically become its policy. Shall the Negro go into the camp of his enemies and strive to make new friends or shall he fight it out inside of his party and force recognition?

This congressional election will feel the Negro's reaction in one way or the other. At any rate colored brother, **deliver yourself by using your head, and vote!**

### OHIO'S PIONEER MOB VIOLENCE ACT.

June 27, 1930.

To the Editor of The News, The Press and The Plain Dealer: Dear Sirs:—I notice in your paper of June 27, '30, that our County Prosecutor's office has "broken out" again in criticism of the most effective anti-mob violence legislation in this country and in a very weak effort to "play to the gallery" with its work against suits filed against this county as the result of injury sustained by persons at the hands of members of local mobs.

Just how "antiquated" the Ohio Mob Violence Act or Anti-Lynching Law is can **best** be understood when it is recalled that nearly every governor of a state in this union, who has recommended legislation against mob violence and lynching, has incorporated in his recommendation **the principle upon which the Ohio Law is built.** Illinois, Pennsylvania, New Jersey, Kentucky and several other northern states **have laws that are duplicates of the Ohio Mob Violence Act.** This same thing is true of every anti-lynching bill introduced in the U. S. Congress in the last fifteen years, and includes the Dyer bill, now pending.

If Christ Lexa will carry his case against this county to the Ohio Supreme ccourt, the County Prosecutor's office will get a rude shock when it learns that the Common Pleas court judgment of $750 in his case is upheld.

Nearly all of the anti-mob or anti-lynching legislation in this country enacted by the various state assemblies, is based upon the pioneer Ohio Mob Violence Act or Anti-Lynching Law.

### DE PRIEST WRONG!

Congressman Oscar DePriest of Chicago, our only member of the U. S. House of Representatives, spoke in Youngstown, last week Friday night, and made his **first major mistake** that we have noticed in all the many speeches he has delivered since being elected a congressman. The foregoing, of course, providing he is correctly quoted in The Youngstown Daily Vindicator of June 28, '30. In opening his speech, which was delivered in our Centenary M. E. church, that city, Mr. DePriest is quoted as saying:

"We do not want social equality. The Negro desires only that he be given the full rights of a citizen of the United States."

Our Congressman is **wrong!** We want and need, just as much as any other race, group or class of citizens in this country, **social** and **every other kind of equality** enjoyed by them. Indeed, if we are to compete **successfully** with them, we **must** enjoy all kinds of equality, too. And it is the merest nonsense for Mr. DePriest, or anybody else, to endeavor to create an impression to the contrary. Then, too, it is a **pitiful** reflection upon him or any other member of the race who attempts to make **so harmful** a concession to the prejudice against our people in this country. He does not voice the sentiment of the **intelligent** of our people when he makes such unfortunate statements as the two quoted above. And, too, they are harmful, **very harmful,** indeed! Stop it, brother.

Mr. DePriest is also quoted as having "begged the audience not to re-elect the two U. S. Senators from Ohio who voted against the Negro by supporting Parker." Mr. DePriest may or may not be right in the foregoing. **Ten years ago,** Judge John J. Parker of North Carolina, when the Republican candidate for governor of his state, said he did not believe in Afro-Americans of his state participating in politics, or something to that effect. **Less than ten months ago,** the Judge handed down a decision in the Richmond (Va.) segregation case which helps our people of the entire country far more than his unfortunate statement of **ten years ago** hurt us. Therefore, we fail to feel that U. S. Senator Roscoe C. McCulloch of Ohio, a candidate for re-election, this fall, committed "such a crime" against us when he voted for Judge John J. Parker, as Congressman DePriest, the socialistic leadership of the N. A. A. C. P. and others would have us believe.

That erratic "Blossom Triplet," Councilman Roy Bundy, said in speaking of the 17th ward club's endorsement of the candidacy of Atty. Arthur H. Day, for county prosecutor: "I am endorsing him with all my body and soul." Rather a queer statement from an individual whose endorsement of anybody or anything amounts to so little. It is the usual **exhibition,** however. Bundy's endorsement of the Day candidacy, as a matter of fact, will hurt it a great deal more than it will help it. This same is true of his and Councilman George's "messing in" the Payne-Fleming fight in ward 11. It has hurt Payne's side of the controversy. His effort to become ward leader in addition to serving at councilman shows a disposition **to grab too much,** in this day and time of new ideas and different alignments. Someone other than Payne should and will be leader of ward 11. The Rounder was reminded the other day of the fact that about the only appointment that Payne has secured, he gave to a man, (Harvey Atkins), **who does not live in ward 11 and does not even live in the third councilmanic district,** but is a resident of Councilman Clayborne George's bailiwick, the fourth district; and that Bundy has been unable to date to place either Dr. O. A. Childress or Clarence Shaw, managers of his campaign, but did get a little job in a county office for his brother. What's become of that clerkship in the office of the Civil Service commission "The Blossom Triplets" claim they were promised, many weeks ago, when they "waived" their opposition to the reappointment of Color-Line Welfare Director Dudley S. Blossom?

**Sergt. Sammy Recovers.**

Sammy Baker, the game New York welterweight who was taken from Taylor Bowl to St. Alexis Hospital in what was feared to be a dangerous condition after he had been technically knocked out by Baby Joe Gans, last week Wednesday night, was discharged from the hospital, the next day. Sammy collapsed in the twelfth and last scheduled round of the main bout and, after rallying in his dressing room, became unconscious again when he reached the hospital. But he recuperated speedily before morning and complained of nothing more than a heavy head on awakening from a sound sleep.

At Taylor Bowl, Tuesday evening, Big George Godfrey, champion heavyweight pugilist, technically kayoed Frankie Simms (white), local heavyweight, in the second round of what was to have been a ten-round bout. He floored Simms three times. Godfrey weighed 248 pounds and Simms 205. Seven thousand persons saw Big George toy with Simms for one and one-half rounds. Bob Moody knocked young Peter Jackson to the mat eleven times in three rounds, and won the bout and was another technical kayo winner. Long Leroy Bryant was outpointed in his bout with Cato Colaubaba. Next week Monday night, Bob Moody and the venerable deacon fighter, Tut Jackson, of Washington C. H., O., will perform at the Bowl.

**Night Game, July 16.**

A great novelty attraction is carded for Cleveland, next Wednesday night, July 16, when the Kansas City Monarchs, pennant winners of our National League, meet the Homestead Grays, famous team of Pittsburgh, in a night baseball game (at 8:45 P. M.) at Hooper Field. This game is sponsored by Lem R. Williams and local associates who "made good" here in 1928 and '29. The Monarchs are led by the clever "Bullet" Rogan and the Grays have the great Oscar Charleston. The Monarchs carry their own lighting equipment which cost $62,000. Twenty thousand fans saw two games in Detroit, last week.
